# About this Directory

This new edition of the Massachusetts Public Library Directory has been organized by Regional Library System and then alphabetically by municipality within each region. In addition, indexes by municipality and library name have also been provided for users who are not sure of a library's or municipality's region. The directory also provides expanded information on library winter and summer hours, a frequent request of users in the past.

This directory also represents a milestone because, for the first time, library information has been extracted from the Board of Library Commissioners/ Regional Library Systems LDAP Directory Database, located on the Board's MLIN Web Site. Formerly, several time consuming and overlapping surveys were conducted for each edition. As a result, the data should be more up to date and accurate than was previously possible.

As of press time, all contact information contained herein is correct to the best of the Board's ability. Please direct all correction and updates concerning the directory to your Regional Library Systems office, which maintains LDAP Directory information for your library.

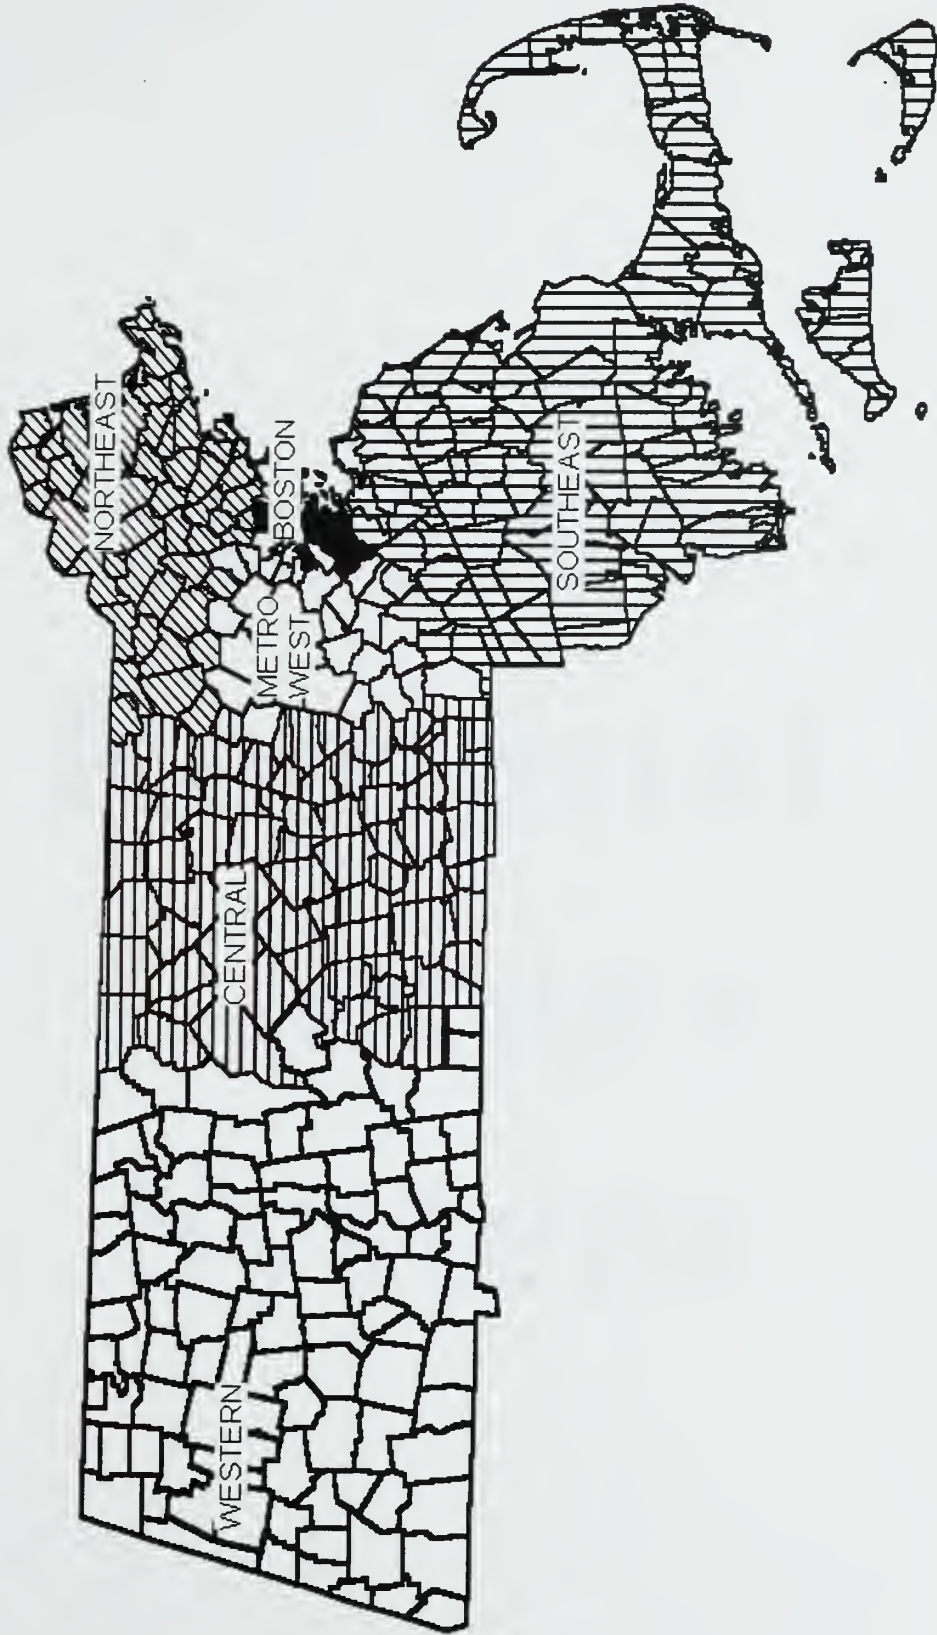

Beginning with this edition, we plan to issue this printed directory on an annual basis each November, until such time as the library community feels a printed directory is no longer necessary. In the mean time, we welcome your comments and suggestions on how the directory can be made more useful. Please direct any comments to Sudhi Sreedharan of the Massachusetts Board of Library Commissioners, 648 Beacon Street, Boston, MA 02215 or to [sudhira.sreedharan@state.ma.us](mailto:sudhira.sreedharan@state.ma.us)
